

In the last plenary session the town hall decided that the cabin was going to be in use with social purposes for all the neighbors of Miño and fundamentally for the neighbors of Ponte do Porco.

From the residents association one comes requesting a social place for enough years, though the requests of the association centred always on a place at the edge of the beach since our activities centre on this space.

The cabin was an alternative proposed from the town hall to not to reach an agreement with the family Etcheverría.

In La Voz de Galicia of Sunday, [the 20th of December, 2009](#) an article went out in the matter.
